

MEMORANDUM

No. 12 s. 2025

TO : PROF. LYRA CALVEZ RODRIGUEZ
FROM : Campus Director
DATE : 3 February 2025
SUBJECT : Returning Business Management Dept to Industrial Technology Dept

In line with the academic and administrative policies of Eastern Visayas State University and the upcoming AACCCUP accreditation, I am formally reinstating the Business and Management Department under the Industrial Technology Department, effective immediately.

This decision is based on the fact that the establishment of the Business and Management Department did not receive formal approval from the Board of Regents. Furthermore, the Bachelor of Science in Hospitality Management (BSHM) program, which is currently housed under the Business and Management Department, is more aligned with the Industrial Technology Department's focus, given its strong emphasis on skills-based training and technical competencies.

The transition aims to ensure proper governance, curricular alignment, and efficient resource utilization within the university. All faculty, staff, and students under the Business and Management Department are hereby instructed to coordinate with the Industrial Technology Department for a smooth integration of academic programs and administrative functions.

For your strict compliance.

In the service of God, country, and EVSU,

DR. JEFFRY OCAY
 Campus Director
